Disquiet is a special quartet that came together on the stage of the Konfrontationen festival in 2018. Initially formed and lead by Austrian electronic musician Christof Kurzmann, the project is reflecting the difficult political situation of the refugee movements to Europe – and how politicians deal with it in a selfish and unhumanitarian way. Christof Kurzmann, Sofia Jernberg, Martin Brandlmayr (Radian) and Joe Williamson reinterpret and process in quiet waves of emotions and thoughtful lyrics - concentrated music between serenity and sheer beauty, esp when Kurzmann and Jernberg sing a duet with Joe McPhees lyrics
