ACCELERATED FRAMES OF REFERENCE

Accelerated Frames Of Reference is the blistering debut album by Mopcut. With Lukas König (Koenigleopold / 5K HD / Kompost 3) on synthesizers and drums, Julien Desprez on electric guitar and vocalist Audrey Chen. Three artists have joined forces to create songs beyond language and gravity at the interface of sound architecture and performance-ritual. Minimal and maximal improvisation, noise and electronics overlayed by Audrey Chen's ecstatic vocals.
